The Crescendo Society

In music, a crescendo makes a powerful, lasting impact. This gradual building of sound is designed to heighten awareness and interest, attract attention and catapult volume to an impressive level. For the Blount Memorial Foundation's Symphony of Sharing, The Crescendo Society plays a similar, prominent role. Through their philanthropy, members make a powerful, lasting impact on the health of the community served by Blount Memorial Hospital. Their generosity heightens awareness of essential health care needs, attracts attention to the Foundation's efforts to serve the indigent and uninsured and catapults giving to the highest levels.

Invitations to join The Crescendo Society are extended to philanthropists who accept the challenge to become partners in the continued provision of excellent health care services at Blount Memorial Hospital through a gift of \$10,000 or more over a three-year period.
