# Group Exercise Class Descriptions

■ **Boot Camp.** This class is assigned to challenge the experienced exerciser who wants to improve sport performance or go to the next level. Expect military and sports conditioning drills like sprints, plyometrics and strength work. **Not appropriate for beginner exercisers or those with orthopedic concerns.**  
*Intermediate – Advanced*

■ **Core Challenge.** A 45-minute class of exercises specifically targeted at strengthening core muscles.

■ **Cycle – Coach by Color®.** This group cycling class will utilize the Coach by Color® pacer program which combines accurate zonal training with stimulating color to help coach each participant's effort during the workout.

■ **Cycle – Freestyle.** This group cycling class will allow the instructor to take participants through a custom freestyle ride using Quick Start Mode. Riders will change terrain and speeds based on different cadence and resistance guidance from the instructor.

■ **Fitness for Life.** A low-impact cardio and strength training class. Expect to have fun and build your cardiorespiratory endurance in this freestyle class. *All levels*

■ **H.I.I.T.** Short, intense, unsustainable bursts of physical activity, paired with intervals of quick rests. *All levels*

■ **L.I.I.T.** Short, intense, low-impact burst of physical activity, paired with intervals of quick rests. *All levels*

*All levels*

■ **New Horizons.** A total workout for seniors and those just beginning a fitness program. Cardio, strength, stretching, balance and relaxation are included. *Beginner*

■ **PIYO.** This class is a Yoga and Pilates mix offering strengthening, toning and flexibility.

## MIND AND BODY CLASSES

■ **Barre Blend.** This class is designed to promote the long, lean muscles of a dancer while also improving posture, balance, stability and functional strength.  
*All levels*

■ **Cardio Barre.** This class is the same as Barre Blend but adds weights and cardio bursts into the routine. *All levels*

■ **Gentle Flow Yoga.** This class moves at a slower pace with fewer intense positions and with more relaxation and more breath work.

■ **Power Yoga.** Power Yoga will explore strength-based yoga postures to develop greater overall muscle tone, more core control and perfect posture. Experience the fusion of yoga and functional fitness. Functional fitness exercises integrate whole-body strength rather than isolate one muscle or muscle group.  
*Intermediate – Advanced*

■ **Stretch and Breathe.** Moving with breath, these stretching postures can increase circulation, flexibility and strength in the back, neck, abdomen, hips and legs.  
*All levels*

■ **Tai Chi.** Combines deep breathing with postures that flow from one to another through a series of slow, relaxed and continuous movement.  
*All levels*

■ **Tai Chi Short Sticks.** Dynamic Tai Chi movements with short sticks.

■ **Yoga Basics.** This class emphasizes breathing and concentration while performing basic yoga Asanas — or postures — to enhance strength, flexibility, balance and relaxation. This class is ideal for those who have never practiced yoga, and also can be enjoyed by those with an established practice. **(Inform the instructor if this is your first class.)** *All levels*

■ **Yoga Chi.** This class is a combination of chi (energy) work and chair yoga. Participants use acupressure points to improve the immune system and help relieve aches and pains. Qigong is practiced to keep chi flowing smoothly. Chair yoga incorporates gentle postures (asanas) and controlled breathing. The postures are intended to bring peace and calm to both the body and mind while increasing strength and flexibility. All moves are done in a chair. This class is 55 minutes.  
*Beginner*

■ **Yoga Flow.** Yoga postures flow from one pose to the next with strengthening and stretching movements, leaving you feel relaxed and restored.
