## Group Exercise Class Descriptions

This class uses only your body weight as resistance for overall strength and endurance training that will give you an excellent workout. The added benefit is these exercises can be performed anywhere, which means no excuses when you can’t make it to the gym. **All levels**

### BodyPump®
BodyPump® is the original barbell workout that strengthens the entire body. It challenges all major muscle groups by using weight-room exercises such as squats, presses, lifts, and curls. **All levels**

### Boot Camp
This class is designed to challenge the experienced exerciser who wants to improve sport performance or go to the next level. Expect military and sports conditioning drills like sprints, plyometrics and strength work. Not appropriate for beginner exercisers or those with orthopedic concerns. **Intermediate – Advanced**

### Core Challenge
