Important message about the status of your account. Please read this carefully.

Charge Summary is the description for services provided to the patient.

Date the statement was printed.

Date that services were provided to the patient.

Patient account number, please notice the last four digits. If they are greater than 0001, this may be a series of statements for monthly services. If you received multiple statements at one time, you may make one payment for the combined total. Please return all payment coupons with the payment.

Adjustments may be a debit for combined accounts or a credit for discounts and contractual adjustments.

Total Balance Due is the patient balance the guarantor is expected to pay by the due date listed on the return portion of the statement.
